

JANTZEN®

FRESH *air*  
CRUISE 25

## Moodboard

The view from our window has changed, flowers don't bloom as last spring and water isn't as clear as it used to. It's time for a change!

Let's pack our bags and explore the view from a new window. Our next stop will be an abundant landscape, an untouched location where nature has been able to grow and thrive.

## How to Measure

### HOW TO MEASURE

Please use a cloth tape measure to take your measurements.

If you do not have a cloth tape measure, use a string with a ruler.

- BUST:** Keeping the tape measure horizontal, place it around the body, under the arms and across the fullest part of the bust. Include the lower portion of the shoulder blades.
- WAIST:** Keeping the tape measure horizontal, place it around the body at the natural waistline; usually the smallest part of the waist.
- HIPS:** Keeping the tape measure horizontal, place it around the body at the fullest part of the hips; approximately 8" below the natural waistline.
- TORSO:** Place the tape measure on the right shoulder midway between the neck base and the shoulder joint, down the back through the crotch and up over the fullest part of the bust to the starting point. Avoid constriction at the crotch.

Please note: The Torso measurement is especially important in determining the right size for a good fitting swimsuit. Interestingly, the torso length has little relationship to a woman's height. A tall woman could have a short torso and long legs and a short woman could have a long torso and short legs.

### SIZE CHART

COVER-UPS	XS	S	M		L		XL	
SWIMSUITS	4	6	8	10	12	14	16	18
Bust	35	36	37	38	39.5	41	42.5	44.5
Waist	27	28	29	30	31.5	33	34.5	36.5
Hips	37.5	38.5	39.5	41	42.5	44	45.5	47.5
Torso	60.5	62	63.5	65	66.5	68	69.5	71
